

## WHY THE GLOBE?

Our inspiring and engaging curriculum is introduced to the children in engaging ways to provokes their curiosity and entices them to engage in their learning.

Each classroom is transformed into a language rich environment reflecting the subject they are being absorbed in. Our curriculum is centred around active learning, language rich exposure and quality resources subsequently ensuring every child is effectively supported and no potential is limited.

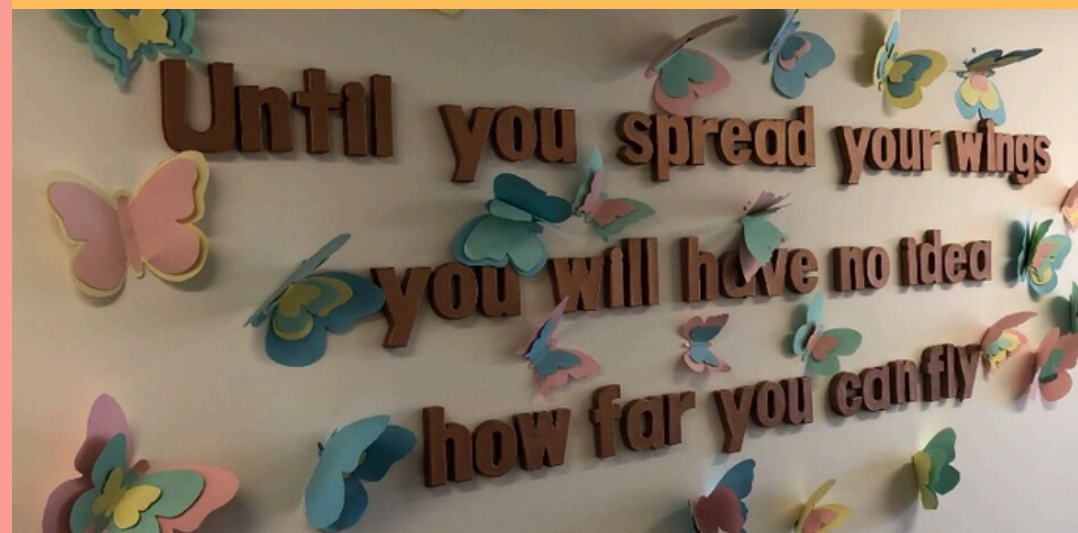

Our learning doesn't just stop there. We have engaging additions to our provision. This includes: year round swimming lessons; a large food technology room; a fully functioning ICT and 2 class sets of iPads; a term in our Wild Woods - developing life skills such as using saw, hammer, building as well as exploration and our Reach 2 11 before 11 promises which are a set of promises that help our children to be in the driving seat in their own lives. They are a series of seminal experiences that we want every child in the REAch2 family to have experienced before they leave us to go to secondary school-aged 11.

## FRIENDS OF THE GLOBE (FOG)

FOG is a friendly group of parents, teachers and volunteers.

Over the past few years they have held many fun events to help raise extra funds for school including Disco's, Easter Egg Hunts, Coffee Mornings and more. The money raised has contributed towards school trips, school resources and helped towards building our indoor swimming pool. FOG are always on the look out for new members and help so please come to one of their meetings to find out more

Please find out more from the school office.

## CLUBS

We provide a number of after school clubs each term free of charge. Clubs include: Young Voices, Wild Woods Club, Lego Club, Computing Club, Knitting Club, Chess Club and different Sports Clubs to name a few. Children have the chance to sign up to new clubs each term.

# THE GLOBE PRIMARY ACADEMY

*Learning for life!*

**WELCOME**

Welcome to The Globe Primary Academy!  
Part of REAch2 Academy Trust

We take great pride in making sure we give our children a broad and balanced education and help prepare them for life at (and after) primary school.

It is our aim that pupils will be well equipped when they leave to be able to go on to make positive contributions and lead happy lives. We set high expectations for learning, behaviour and respect for each other and this underpins everything we do.

Our talented staff strive to create successful learners, confident individuals and responsible citizens and it is this aim that motivates us every day. It goes without saying that we strive for the best academic outcomes for our children but we also focus on the whole child, ensuring that our pupils are happy and safe.

Mrs Y Kidd - Headteacher

## GOVERNORS

School governors are volunteers who help to run the school, called the 'governing body'.

Governors are involved in the strategic decisions of the school; for example, running buildings and budgets, ensuring health and safety measures are in place, supporting staff and setting standards of school discipline. They also contribute to the school's long-term goals. They support the Head Teacher and make sure the school is always heading in the right direction.

Ben Scott - Chair of Governors
