The Globe Primary Academy

Welcome back

Welcome back! We hope you all had a restful and enjoyable May half term. It's hard to believe we're already into the final half term of the school year — time really is flying by! This week has been particularly exciting as the children had the opportunity to meet Mr Mo, who will be joining us as our new headteacher from September. To help with a smooth transition, Mr Mo will be spending two days a week in school over the coming weeks, getting to know the children, staff, and families. Miss Drake will continue in her role as our interim executive headteacher during this time, ensuring consistency and support. With so much to look forward to, it promises to be a busy and rewarding half term — we can't wait to see all that it brings! Mrs Salvage

Well done Year 4

We are incredibly proud of our Year 4 children, who have now completed their Multiplication Tables Check (MTC) this week. Throughout the year, they have worked hard to build their fluency and confidence with times tables, showing great determination and a positive attitude towards their learning.

No matter the outcome, we couldn't be prouder of each and every one of them. Their focus, effort, and perseverance have truly stood out.

With the MTC now behind them, there's still so much to look forward to this half term—from exciting learning opportunities in the classroom to upcoming trips and end-of-year celebrations. Well done, Year 4!

Energy free day

This week, we took part in a very special event—our Energy-Free Day on Thursday 5th June. It was a fantastic and eye-opening experience where we aimed to save as much energy as possible by switching off lights, avoiding the use of electronic devices, and embracing more sustainable ways of working throughout the day. The purpose of the day was to raise awareness about the environment and the impact our everyday actions can have on the planet. Across the school, children engaged in a range of exciting, practical activities—many of which took place outside—and took part in thoughtful discussions about how they can make small changes in their daily lives to be more eco-conscious. We are incredibly proud of the way our pupils embraced the challenge and showed such enthusiasm for protecting our planet.

Key Dates

INSET DAYS

Monday 21st July 2025
Tuesday 22nd July 2025

Summer Term 2025

Starts: 22.04.25 - Ends 18.07.25
Half term: 23.05.25-30.05.25

Upcoming events
